In fond memory of
HUGH J. WILLIAM
a true friend,
whose ashes are
scattered near this spot

These gardens were opened
on the 15th of July 2000
by
WILLIAM S. McKAY
without whose time and inspiration
the completion
would never have been possible

This stake marks the final resting
spot of my faithful companion
QUINCY
who passed away here
on the third of April 1995 aged 12

Chamaecyparis Thyoides
